

# *North-Ossetian State Medical Academy*

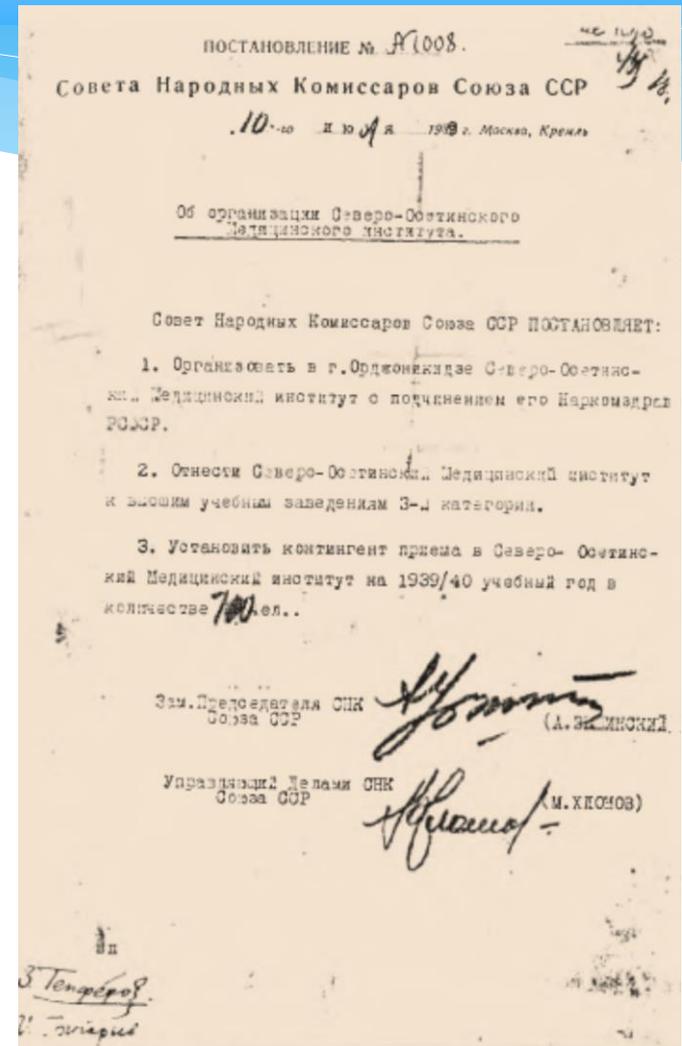

# Republic of North Ossetia-Alania, Vladikavkaz

# Through the pages of university history

**On July 10, 1939** a medical institute was opened in Ordzhonikidze

# *Through the pages of university history*

The old mansion on Butyrina Street became the first educational building from which the institute began its life. In a short time theoretical departments were located here, and **on September 1, 1939**, the first **100 students of the Faculty of Medicine** began their studies.

**In 1940**, the North Ossetian State Medical Institute received a new registration **Pushkinskaya 40** street. Its material resources were also improved, medical and biological departments were organized.

# *Through the pages of university history*

**In 1974, the second, pediatric faculty** of the North Ossetian State Medical Institute was opened.

**In 1988,** the institute created a faculty for advanced training of doctors.

**In 1993,** the first enrollment was made at the newly opened **Faculty of Dentistry.**

**In 2000,** two faculties were opened **medico-prophylactic and pharmaceutical.**

# *Academy today-*

is a modern, dynamically developing educational institution, the main goal of which is to train highly qualified specialists

# STATE MONITORING

Indicators name	2019	2020	2021	2022	2023	Medium		
						Russian Federation	субъекту	ведомственной принадлежности
<b>E.1. Educational activity</b> Average Unified State Examination score of students	63,99	65,08	67,77	69,59	70,13	63,87	61,33	69,98

# *Pedagogical Staff*

**360** scientific and pedagogical workers:

of which **244** have an academic degree and academic title, the share of teachers with academic degrees and/or academic titles from the total number of teachers is **72.1%**.

The average age of scientific and pedagogical workers of the Academy's is **49** years.

The number of concluded agreements was **260**.

Contracts have been concluded with health care facilities of the Kabardino-Balkarian Republic, Chechen Republic, the Karachay-Cherkess Republic, the Republic of Dagestan, the Republic of Ingushetia, the Republic of Adygea, the Stavropol Territory, the Rostov Region, and also with health care facilities in Taimyr, Moscow, Odintsovo, Norilsk, the Republic of South Ossetia, the Republic of Tajikistan, the Republic of Abkhazia, Turkey, Israel, India, Egypt and others.

# Library

The library's fund is **413,126** copies documents, fund of educational and educational-methodical literature – **102123** copies.

The collection of scientific publications amounts to **267,494** copies  
Number of publications of educational and educational-methodical literature per student is **30** copies.

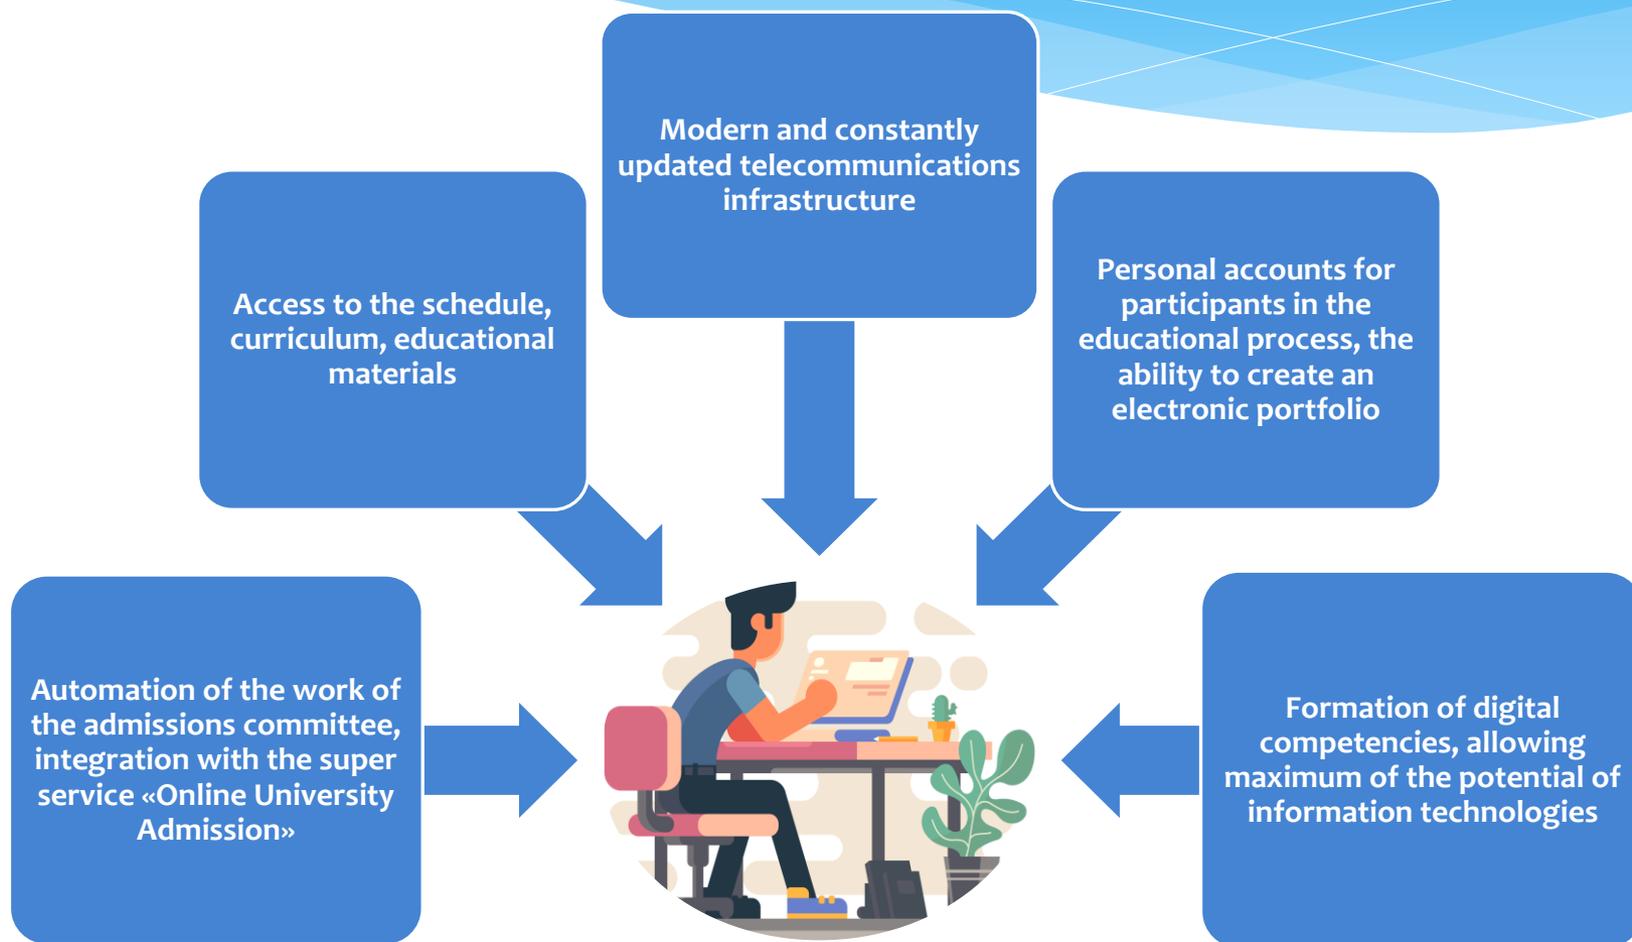

**Each student** is provided with unlimited access to the electronic library system «Student Consultant»

The provision of educational disciplines with electronic publications is **100 %**.

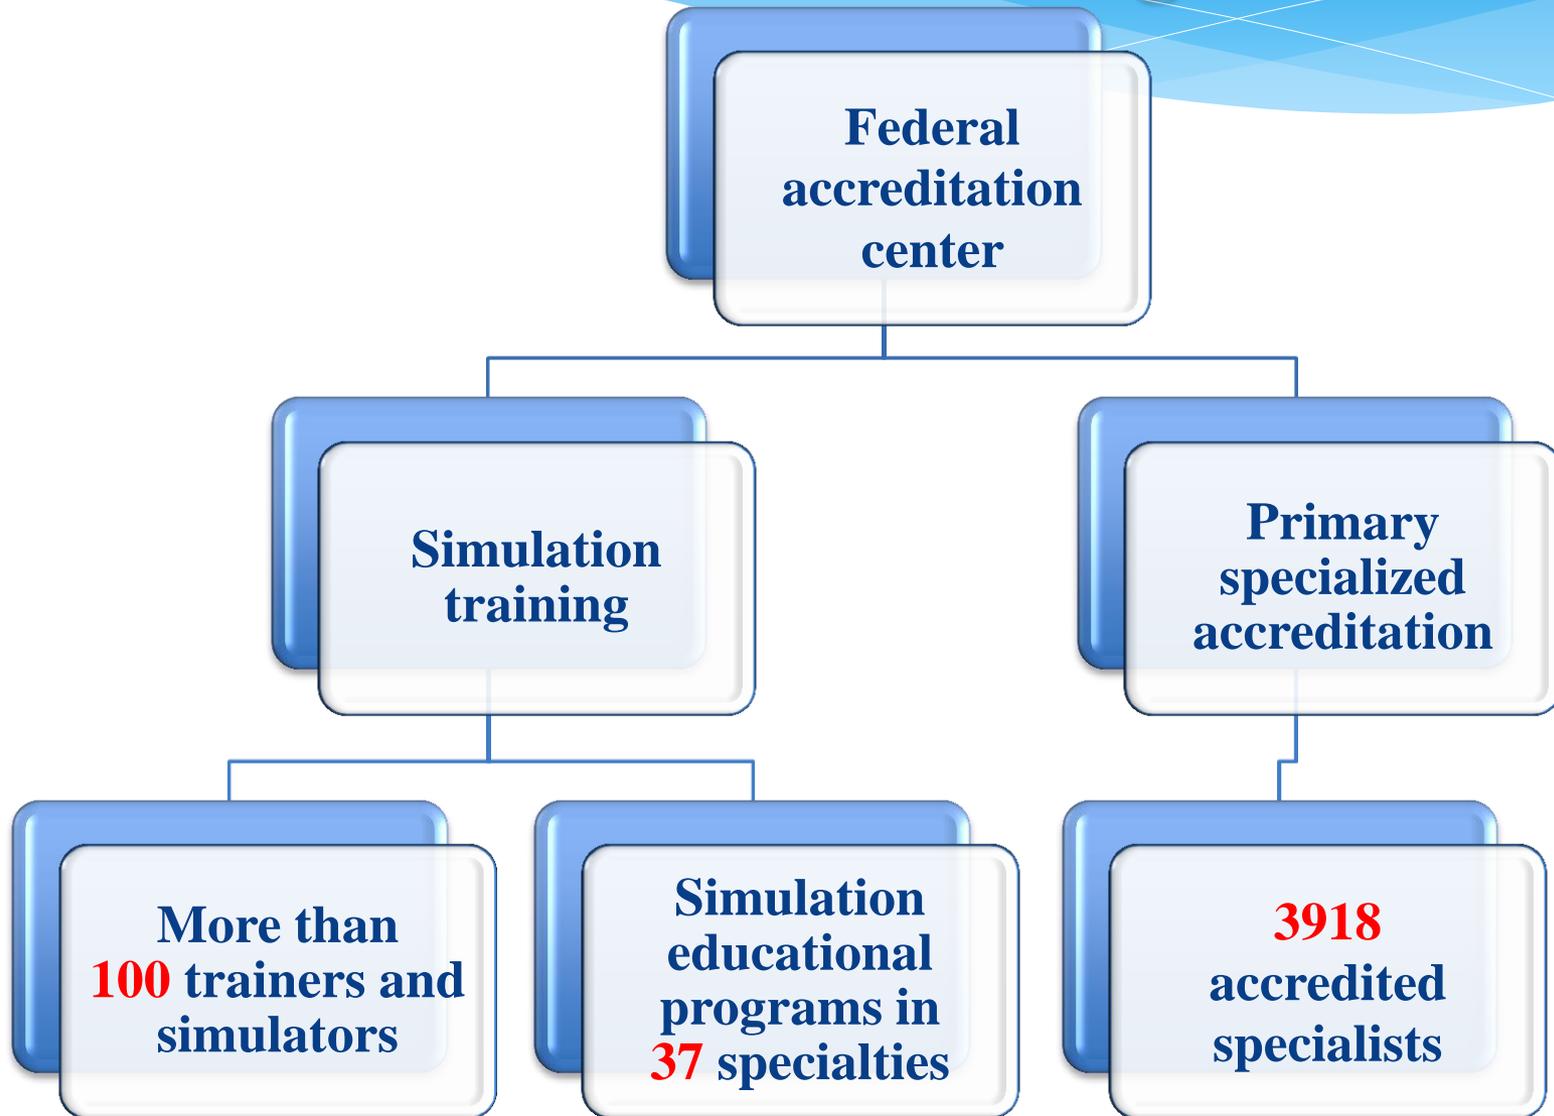

# Digitalization of NOSMA

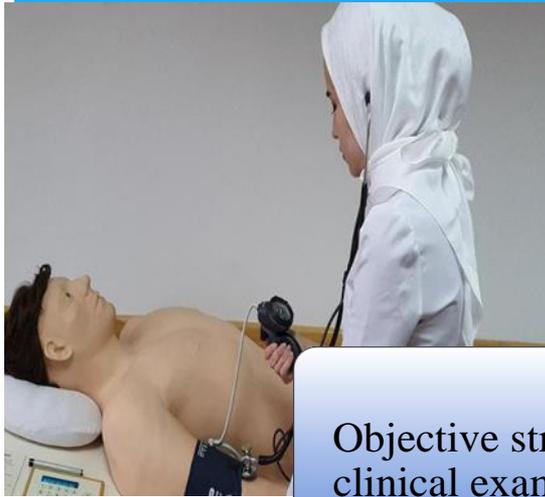

By decree of the President of the Russian Federation of July 21, 2020 No. 474 «On the national development goals of the Russian Federation for the period until 2030» achievement of «digital maturity» of key sectors of the economy and social sphere is indicated as one of the target indicators of the national goal «Digital Transformation».

# *Innovative technologies*

# ***SIMULATION TRAINING AS A LEADING DIRECTION IN MEDICINE DEVELOPMENT***

Objective structured  
clinical examination

Theoretical  
preparation

Working out individual  
medical manipulations  
under guidance of tutors

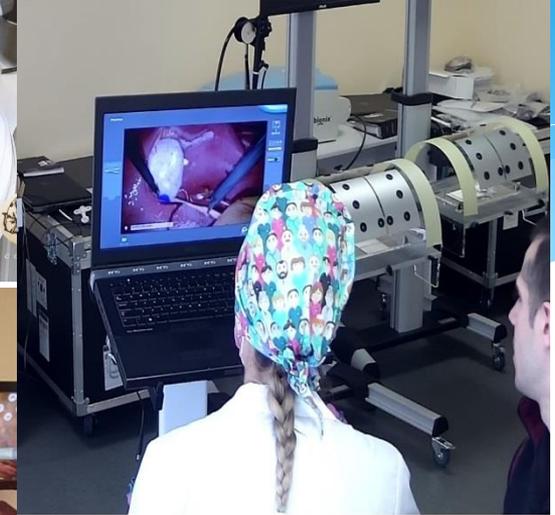

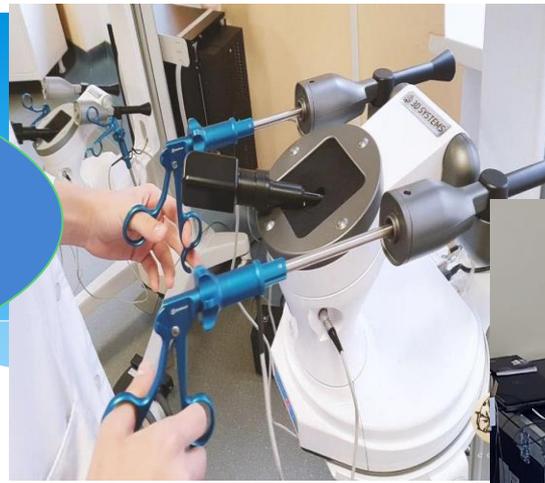

Development of  
algorithms for treatment  
of emergency conditions  
using interactive  
programs in conditions  
close to real present.

Independent work with the  
material with the possibility  
of repeated repetition and  
analysis of errors

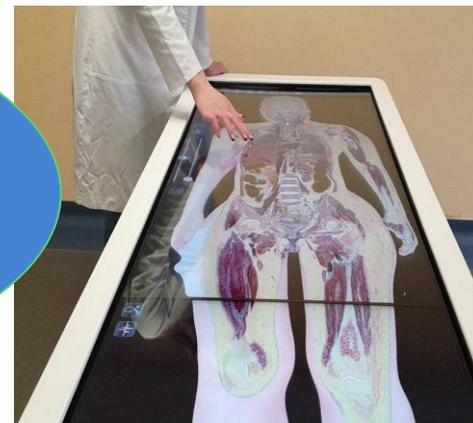

The center has simulators and robots of the level I-VI of realism for practicing practical skills

Including modern ones endoscopic manipulations simulators, as well as robot-assisted surgical systems (da Vinci robot simulator)

Interactive educational platforms (virtual patient, anatomical table, etc.)

# *Educational pharmacy*

# *Innovative projects of NOSMA*

Since 2020 on the basis of the NOSMA federal innovation platform «Medleader» is functioning

МИНИСТЕРСТВО НАУКИ  
И ВЫСШЕГО ОБРАЗОВАНИЯ  
РОССИЙСКОЙ ФЕДЕРАЦИИ

In 2023, together with Sotsmedica the project «Mobile nutritionist» was developed

ФОНД СОДЕЙСТВИЯ  
ИННОВАЦИЯМ

In 2023, the Department of Anesthesiology and Resuscitation developed the project «Anti-shock therapy when providing first and primary pre-medical and medical care to the wounded»

# *Scientific research activities*

# Scientific work NOSMA

## in 7 direction:

- ❖ «Clinics, diagnosis, treatment and prevention of infectious diseases to human»
- ❖ «Medical, biological and clinical problems of human ecology»
- ❖ «Anatomy, physiology, pathology of visceral system»
- ❖ «Protection of mother hood and child hood»
  - ❖ «Traumatology, emergency and reconstructive surgery»
  - ❖ «Dentistry»
- ❖ «Kurortologiya, physiotherapy and related disciplines»
- ❖ «Public health and health care».

## In the framework 3 scientific platforms:

«Oncology»

•  
•  
«Pharmacology»

«Endocrinology»

# *Scientific schools*

The Academy recognized and actively operates  
5 scientific and pedagogical schools:

- \* School of physiologists (scientific supervisor Brin V.B., d.m.s., prof.);
- \* School of rheumatologists (scientific supervisor Totrov I.N., d.m.s., prof.),
- \* School of cardiologists (scientific supervisor Astakhova Z.T., d.m.s., prof.),
- \* School of laser medicine (scientific supervisor Burduli N.M., d.m.s., prof.),
- \* School of pathophysiologists (scientific supervisor Dzioev I.G., d.m.s., prof.).

*The Academy acts as the curator of the research sector of the – scientific and educational medical cluster «North-Caucasian».*

Every year the rector of the Academy O.V. Remizov presents a report of results of the sectors activities at cluster meetings. In order to exchange experience in regional cooperation, the results of the Clusters research work were reported by the curator of the scientific research – Doctor Medical Sciences Remizov O.V. on:

- **first Russian-Chinese international scientific and practical conference «Health and longevity»** in 2017 on the island Hainan (China),
- **scientific forum within the framework of the discussion scientific and cultural youth platform** in 2018 in Moscow.

Every year the curator of scientific-research Cluster sectors reads lectures In China.

O.V. Remizov was awarded the title **Honorary professor of HOMK «North-Caucasian».**

\*2018-2022 гг.

- \* Every year NOSMA of the Ministry of Health of Russia hosts more than **50** scientific, scientific-practical, scientific-conferences, symposia, round tables at interuniversity republican, international and all-Russian regional.

# Conducting scientific conferences and forums

**During 2022-2023 year, the Academy held 6 scientific and practical events with international participation :**

- 1. Online conference with international participation «Russian Student Day online», January 25, 2023;**
- 2. XXI scientific and practical conference of young scientists and specialist international participation «Young in Medicine» May 12, 2023;**
- 3. 62-final student study of scientific conference international participation «Time to look to the future», May 19, 2023;**
- 4. Scientific international scientific and practical conference with international participation «History modernity and prospects phthisiology».**
- 5. International scientific and practical conference «Heart of the Caucasus» 21-22 April, 2023.**
- 6. International symposium «Human Anthropology. The problem of man in Avicenna's philosophy», January 12, 2022.**

# 62-final student scientific conference with international participation «Time to look to the future», May 19, 2023

Interdisciplinary section in English.

# Students scientific conferences

# NOSMA students successfully represent at international congresses and forums

**David Ulrich Dalle** reported at the Sechenov University in Moscow at the interuniversity English – language case championship Health Frontiers with an innovative biomedical Frontiers project dedicated to the development of a smart medical assistant based on artificial intelligence to improve the quality of care for elderly patients. The project was awarded monetary grant.

# *Students scientific society*

## Every 5th student member SSS

42 SSS at the clinical and theoretical chairs

## Winner

Grant competitions (Assistance fund innovation «CLEVER»)  
-17 international scientific forums (39 scientific works, 12 prize plase)

## Organizers

The 62 student scientific conference with international participation «Time look ahead»  
- Profile Olympiad («Ambidexter», «Break your brain»)

## Innovative project

«Scientific innovation»  
«Magazine club»  
- Discussion club  
«For and against»  
Educational program  
«Best medicine-prevention»

# *The «Council of Young Scientists» is actively functioning at the Academy*

**They hold scientific and practical conferences and work to popularize medical science.**

## *Research activities of young scientists and specialists :*

The **15** best students of **North-Ossetian State medical academy** entered the **«Academy of Excellent students»**, created within the framework of the scientific and educational medical cluster «Nord-Caucasus» from received certificates from and the achievement students the plenipotentiary representative of the President of the Russian Federation in the Nord Caucasian Federal District, the Ministers of Health of the subjects of the North Caucasus Federal District and the rectors of medical universities in Stavropol State Medical University.

## *Research activities of young scientists and specialists :*

- \* Over the past 5 years, winners of regional competition for grants from the «**Clever student**» have become 6 students of Academy.

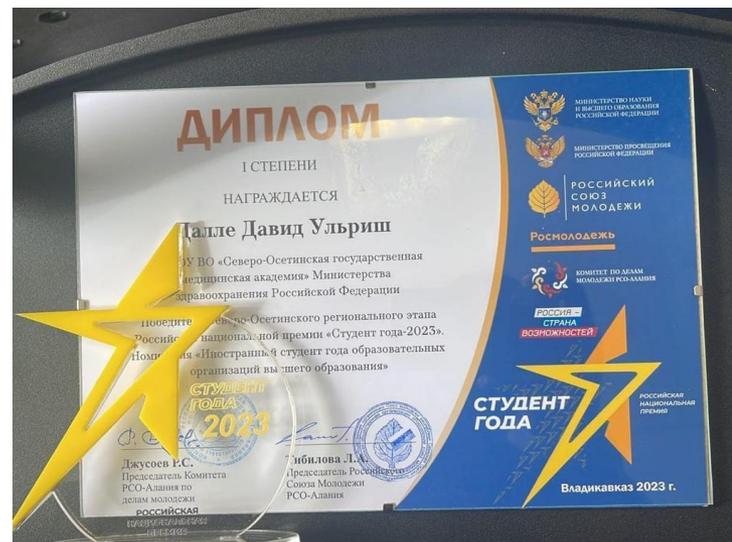

# Student of the Year 2023

The first degree diploma in the North Ossetian regional stage of the Russian national awarded “Student of the Year 2023”, organized by the Russian youth union, was awarded the student of the Faculty of Medicine

- **Dalle David Ulrish**

(nomination «Foreign Student of the Year»)

# CAREER SUPPORT FOR STUDENTS

- \* Inclusivity
- \* Modern audiences
- \* Modern library

# House of Inclusive Education

# Own clinics

The Academy has its own clinical bases  
for practical training of students

(**NOSMA Clinical Hospital** and **NOSMA Dental Clinic**).

# *Bases for training*

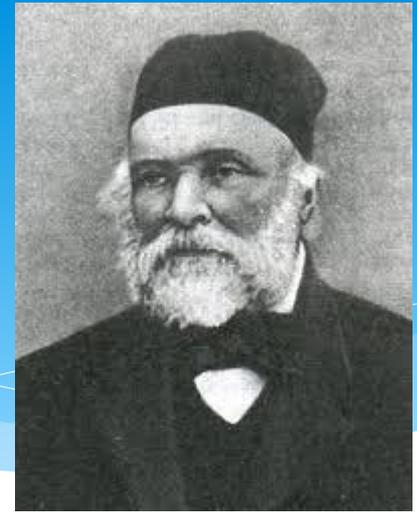

- \* **25** contracts on practical training of students have been concluded.

There are **18** premises for free use.

The opening of one of the bases - the tuberculosis dispensary RSO-Alania, equipped with the latest equipment, was visited by the Minister of Health of the Russian Federation V.I. Skvortsova in April 2019

# NOSMA Clinical Hospital

# NOSMA Clinical Hospital

# *NOSMA Dental clinic*

# *NOSMA Dental clinic*

# *Material and technical equipment*

- \* NOSMA's own dental clinic, the main training base, has innovative dental equipment for working with therapeutic, surgical, orthodontic and orthopedic patients.
- \* There are orthopedic and therapeutic departments, surgical, physiotherapeutic, periodontal, radiology, sterilization rooms, also there is a dental laboratory. There is a conference hall with multimedia equipment.
- \* The out patient department is equipped with a modern digital panoramic X-ray machine with tomography function, equipment for physiotherapeutic treatment, equipped

# *The Academy dormitory*

- \* To accommodate nonresident students and residents, the Academy has two dormitory for 450 and 50 places

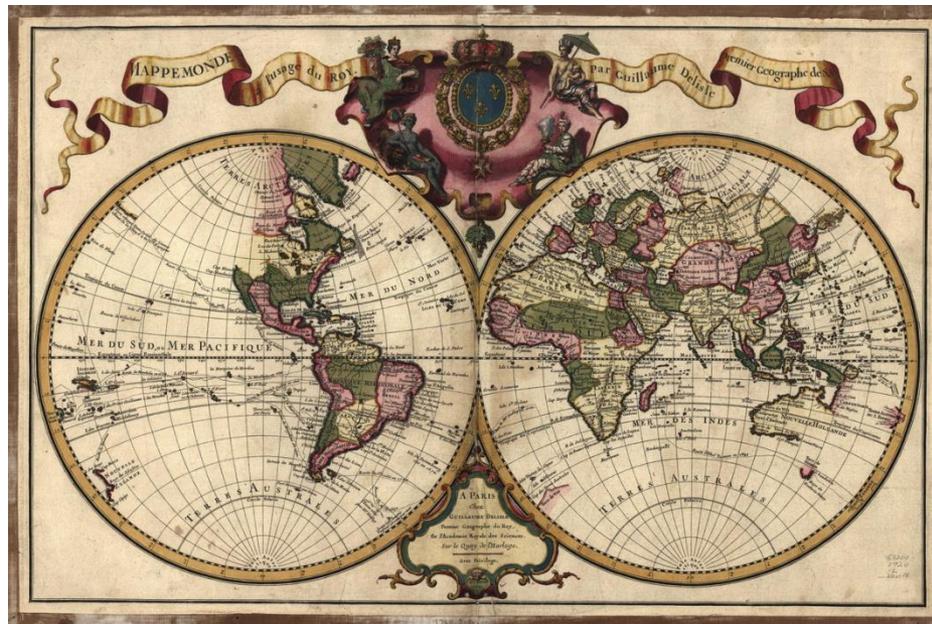

# *Academy canteen*

In the North-Ossetian State Medical Academy

- \* there is a canteen with **366** seats, buffets with **40** and **79** seats.

# *International activity*

## **Foreign citizens training**

## Contingent of students in specialty programs

Foreign citizens from 32 countries receive educational at NOSMA

Azerbaijan, Abkhazia, Belarus, South Ossetia, Tajikistan, Austria, Greece, Guinea, Germany, Egypt, India, Iran, Yemen, Canada, Kazakhstan, Cameroon, Cyprus, Lebanon, Nigeria, Syria, Sudan, Tunisia, Turkmenistan, Turkey, Uzbekistan, Ecuador, Palestine, Jordan, Israel, Zambia, South Africa.

**156** graduates on Specialty Medical Affairs partially implemented in English, graduated from the Academy for the last two years  
(**2** Honors Degrees)

On arrival in India **40%** of graduates successfully passed the FMGE exam (medical Councilor India selection test)

In December 2022  
- January 2023

about 32 000 graduates from different countries passed international medical exam in India which allows to practice medicine a number of students having got the right to practice medicine comprised **32 %**.

**40 %** of NOSMA graduates have passed the exams from the first attempt.

# *International activity*

United Nations  
Educational, Scientific and  
Cultural Organization

- UNESCO Chair "Health Education for Sustainable Development",
- Federal State Budgetary Educational Institution of Higher Education
- "North-Ossetia State Medical Academy" of the Ministry of Healthcare
- of the Russian Federation (FSBEI HE "NOSMA" MOH Russia),
- Vladikavkaz, Russian Federation

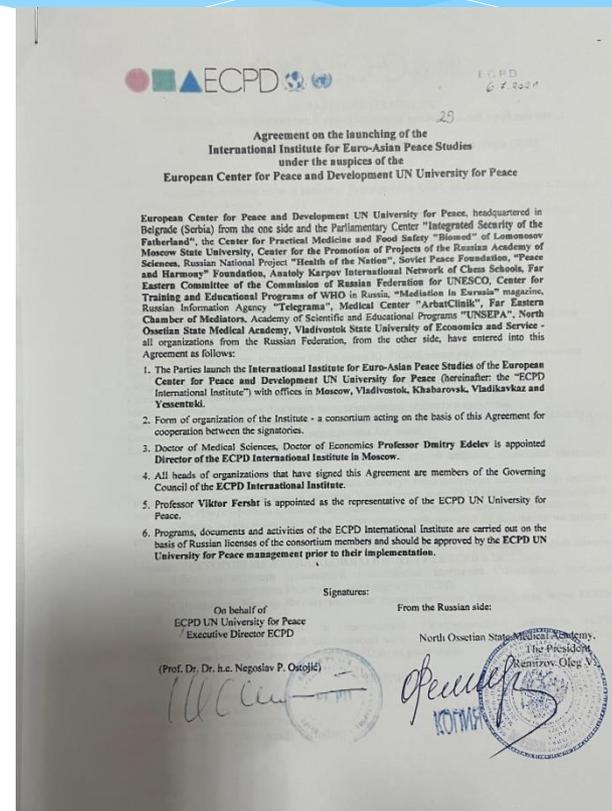

**On March 15 2018**, an Agreement was signed between the Federal State Budgetary Educational Institution of Higher Education NOSMA of the Ministry of Health of Russia and UNESCO on the establishment of the UNESCO Department "Health Education for Sustainable Development" on the basis of the Federal State Budgetary Educational Institution of Higher Education NOSMA of the Ministry of Health of Russia.

The work of the department was highly appreciated by the UNESCO Higher Education Department.

In **2022**, the Director of the Department of the UNESCO Secretariat "The Future of Education and Innovation" S. Tawil announced the extension of the Agreement with the UNESCO Department of the North Ossetian State Medical Academy "Education in the Field of Sustainable Development" until **03.15.2026**.

# *The agreement on cooperation with the United Nations*

In 2021, an agreement was signed on the launch of the **International Institute for Euro-Asian Peace Studies** under the auspices of the **European Center for Peace and Development of the UN University for Peace** (16 participants, including SOGMA)

**In 2022-2023 41 agreements on students practical training with foreign medical organizations were concluded**

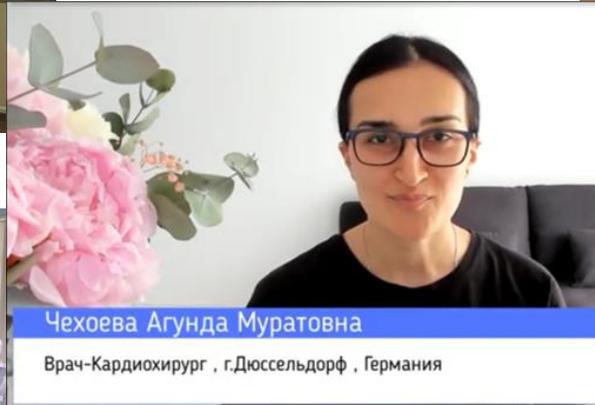

To date, there are **27** agreements and contracts on cooperation concluded with foreign international organizations and state bodies of foreign states

On the basis of agreements on cooperation in the field of academic exchange, NOSMA carries out effective academic exchange of teachers of the University of Douala (Cameroon), doctors of the Clinical Hospital (Sudan) by the Azerbaijan Medical University? The South Ossetia State University named after A.Tibilov, I.V.Goethe University in Frankfurt-on-Main etc

Mastery of the German language allowed students and residents to receive scientific international organization in Germany DAAD, but also such prestigious scientific grants as the scientific scholarship, to them Schering a grant from the German Scientific Society of Urology «Forum Urodynamicum», three –year scientific grants for dissertation research at universities in different countries, etc/

12 research projects were implemented jointly with foreign international organizations. Clinical studies have been conducted in collaboration with international pharmaceutical companies (ancy Resech VK Limited (VK), Astra Zeneca pharmaceuticals (VK), Novartis (Switzerland), ect.

Чехоева Агунда Муратовна  
Врач-Кардиохирург , г.Дюссельдорф , Германия

Since 2022, on the initiative of students (3rd year student of the Faculty of Pediatrics Stella Pagieva), a «**Conversation Club for foreigners**» has been actively operating in NOSMA

The purpose of the club is to help foreign students establish communicative connections links with students from Russia, as well as their more complete mastery of spoken Russian in an informal form.

# *Extracurricular activities*

\* The pride of the Academy is the folk dance ensemble **«Tsard»**, the winner of the Grand Prix of the international festival «Student Spring» of the BRICS and SCO countries, a multiple winner and prize-winner of republican and All-Russian festivals.

**Students associations:**

Artistic word society, fashion theater, STEM, intellectual games club, sports sections, etc. In all student creative associations, university students have the opportunity to study for free.

# Cultural public events

The Academy has various amateur artistic clubs.  
The pride of the Academy is the folk dance ensemble  
«Tsard».

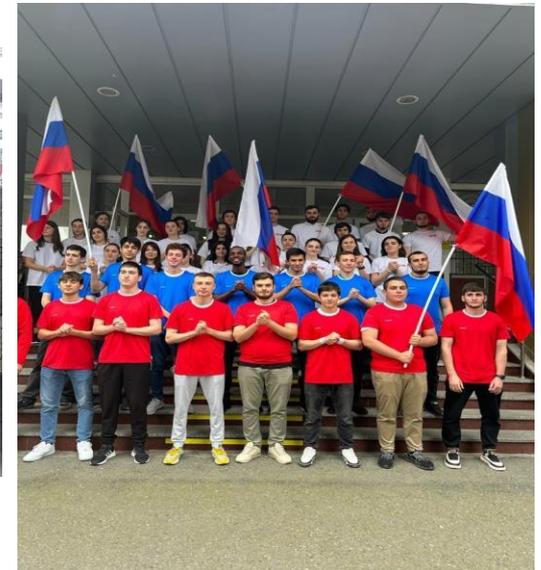

# Sports events

# Charity actions

## Volunteer and preventive actions

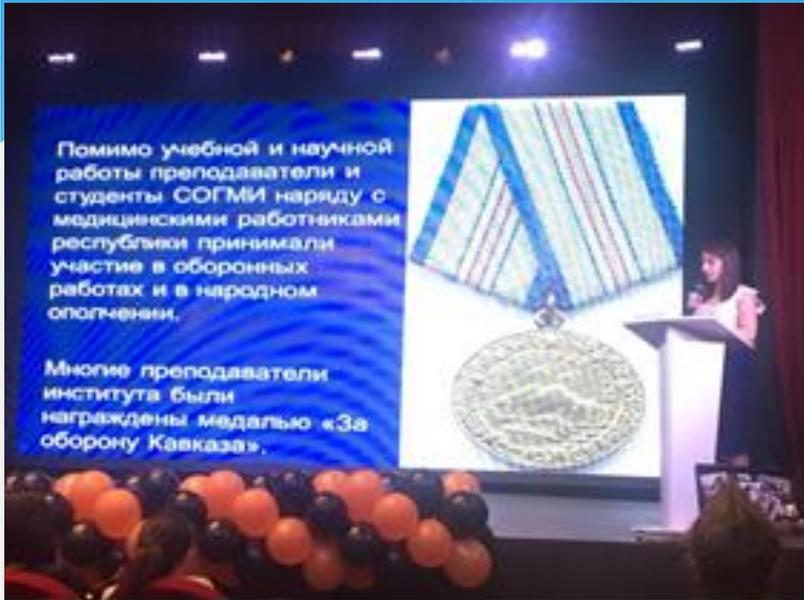

# Volunteer and preventive actions

## About 1000 students and residents were working in a «Red Zone»

# Patriotic education events

# Excursion trips for students, foreign citizens

# Adaptation events

**9 September**, for foreign students with the help of ANO «More Than a Hike», was organized a weekend hike, dedicated to the Day of Knowledge.

The event was the reason of awaking interest to the History of Russia and the culture and tradition of Ossetian people.

# Celebration in NOSMA

# Poetry competition «The whole world read Pushkin», dedicated to the birthday of the poet and to the Day of Russian language

# In the **15 of May, 2023 year**, foreign students participated in celebration the Day of Ossetian Language - they read poems on the Ossetian language
